## "DIVORCE" SHOW AT THE CRAWFORD

Audience Is Enthusiastic Over "Divorces" in Musical Comedy.

A packed house, an enthusiastic audience and a pleasing performance were the characteristics of the presentation of "Let's Get a Divorce" at the Crawford theatre Sunday afternoon and evening.

The cast was cleverly chosen, with the result that the little comedy was a delight.

Ed Redmond was the husband who didn't want a divorce, but who used his sense of humor and his sense of humor to make the comedy a success.

Miss Peggy Betts and Miss Irene Noblitt had light parts, which they handled successfully.

Miss Mary Hammond as the maid and Miss Young as the butler were interesting little deviations from the main plot.

Miss Red, the waiter, was fine. Mr. Reed also delighted everyone with his song, "Look For the Dugout."

Other song numbers were good. Miss Noblitt in "Give Me the Right to Love You" was lovely.

Miss Hammond sang "Something Seems Ting a Ling" with the assistance of the chorus.

For some time and is picking the hotel. Blanton declares that this and any other picketing in the national capital must stop.

## RAILROAD PLANS THROUGH LINE

Southern Pacific of Mexico to Construct Coast Extension.

Nogales, Ariz., June 28.—That better days are at hand in western Mexico is indicated in an announcement by president Epas Randolph that the Southern Pacific of Mexico is to rebuild its line south of Acapulco and proceed to completion of the original project to connect with the national railway at Guadalajara.

The road from Acapulco to Tepic, 150 miles, is to be completed by September. Much of the grading has been done for that distance. The work beyond 20 miles to the junction at Orizaba, will be pushed with expectation of completion by the end of the year.

The grade work will be very heavy, through the Great Barranca, a section that is expected to cost \$10,000,000 gold, according to the cost to the Mexican government. This would have been accomplished years ago had not the revolution prevented and thus would have commensurate Col. Randolph's dream of running a through train from Los Angeles to the City of Mexico.

Nothing But Firecrackers; NOT ANOTHER JUAREZ ATTACK

Fireworks in south El Paso, together with the burning of a haystack near the Stanton street bridge in Juarez, early Sunday night, led many to believe that revolutionary activities had been resumed in Juarez.

The noise continued in south El Paso for two hours, and the explosions sounded similar to the distant booming of light artillery.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are constantly being advertised for the purpose of making thin people plump, developing arms, neck and bust, and replacing ugly hollows and angles by the smooth curved lines of youth and beauty, there are evidently thousands of men and women who keeply feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need phosphorus, that is, in combination in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Nitro-phosphate, which is expensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, Nitro-phosphate should produce a welcome transformation in the appearance of the thin person, who frequently feels that his weight also carries with it a general improvement in the health, nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although Nitro-phosphate is unexcelled for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to render the stomach irritable, be used by anyone who does not desire to put on flesh.—Adv.
